NELI Folders

STUDENT ACCOMMODATION FOLDERS

Designed for quick access to a student's accommodation information, our Student Accommodation Folders are an easy-to-find canary yellow and contain accommodations that can be customized to each student. Since teachers are required to keep samples of the accommodated work, these folders are lifesavers for busy teachers who have multiple students with accommodations in their classrooms.

504 ACCOUNTABILITY FOLDERS

Track 504 records from campus to campus. Our 504 Accountability Folders ensures maintenance and the integrity of the 504 documentation. Each folder includes a 504 meeting agenda, 504 manifestation determination agenda and tab fastener to include student documentation in one location.

RTI FOLDERS - ACHIEVE EXEMPLARY STATUS

This folder is designed to make the RTI process easier to implement. As a comprehensive documentation tool, the folder is user-friendly and can effectively keep referrals to special education or 504 to a minimum, while ensuring student success.

DYSLEXIA IDENTIFICATION FOLDERS

An essential tool for educators and RTI teams for determining when a student should be screened and/or evaluated for dyslexia under Section 504 or for a specific learning disability under special education.

DYSLEXIA PROGRESS MONITORING FOLDER

This folder meets the critical needs of keeping track of a student's progress under the district's dyslexia program.

NELI Desktop References

SECTION 504 DESKTOP REFERENCE

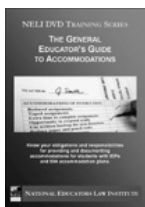

Your complete guide to everything 504, this laminated guide is bright yellow, making it easy to find every legal component of Section 504. The guide is broken into easy to follow sections including the purpose of 504, individuals protected, schools' responsibilities, OCR's role, definitions, the procedural steps, and when to hold reviews and re-evaluations.

MDR FOR SPECIAL EDUCATION DESKTOP REFERENCE

When a student with special needs engages in misbehavior that could result in a disciplinary placement, not only do the regular disciplinary procedures need to be followed, but a special education manifestation determination must also be made. This desktop manifestation determination guide provides a detailed step-by-step process for an MDR and direction as to when an MDR must occur.

RESTRAINT & TIMEOUT DESKTOP REFERENCE

For special needs students, it is critical for school personnel to understand and follow the legal requirements regarding restraint and timeout. The restraint & timeout desktop reference guide defines these complex terms and explains how and when these critical procedures can be legally utilized.

THE GENERAL EDUCATOR'S GUIDE TO ACCOMMODATIONS DVD

This DVD takes a lighthearted and humorous look at accommodations in the general education setting. At 15 minutes in length, the DVD uses classroom-based scenarios to identify typical accommodations and to reinforce the concept that all teachers are responsible for implementing and documenting student accommodations, all the time. Each DVD includes a pack of 10 Student Accommodation Folders.
